

Autumn Pointe HOA - Approved Windows

Type: Retrofit

Color: White

Material: Vinyl

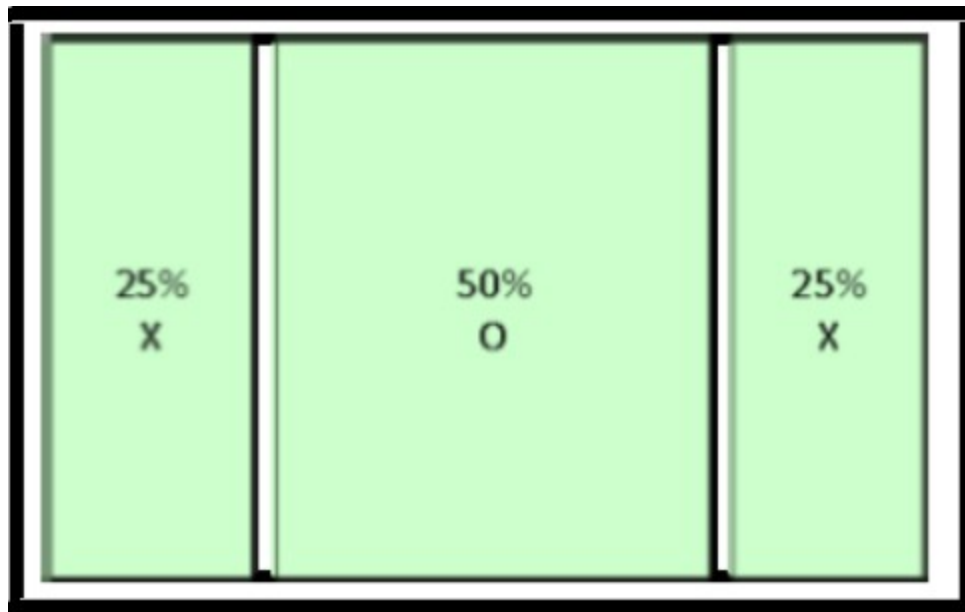

No grids, security bars may be installed only on the inside of the unit.

When looking at the window from the exterior of the unit where:

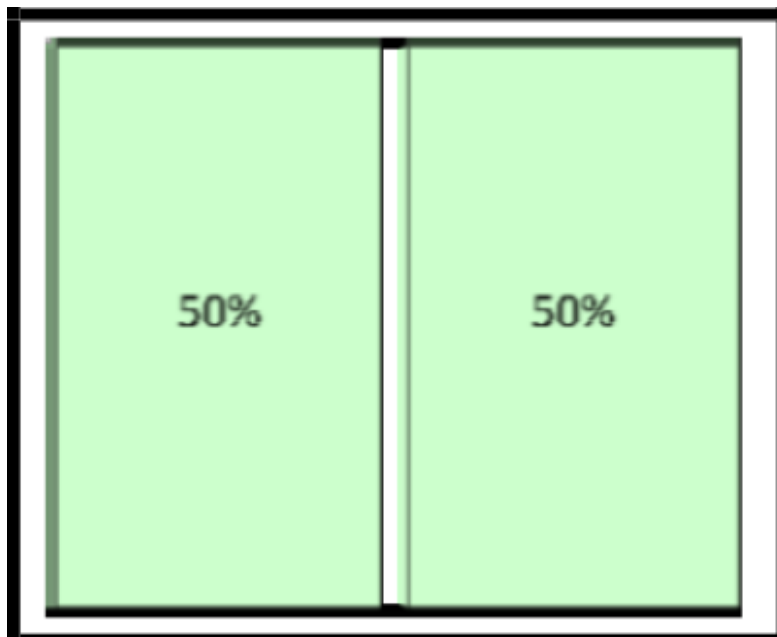

O = fixed / stationary

X = operable

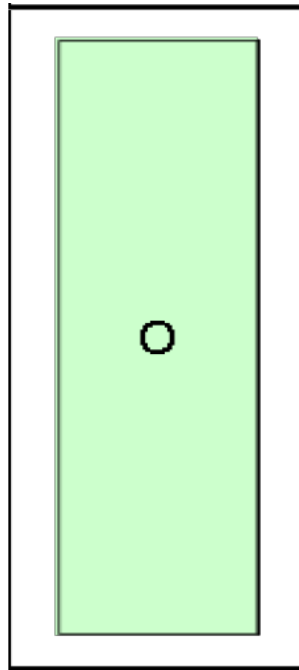

XOX (25% / 50% / 25%, slide horizontal, for large living room windows)

XO or OX – (50% / 50%, slide horizontal, for bedroom, bathroom, dining room windows). New window to match existing operable and stationary panel.

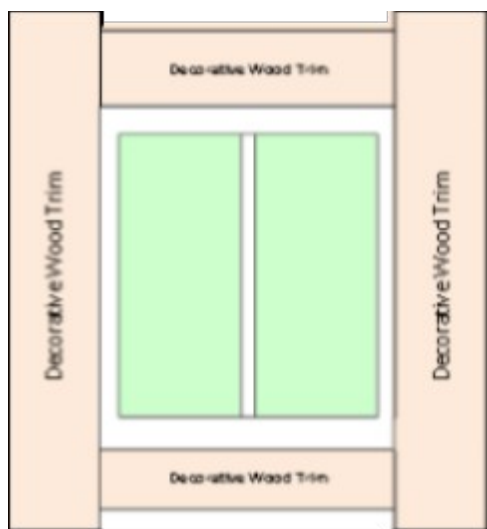

O – (100%, for small kitchen windows).

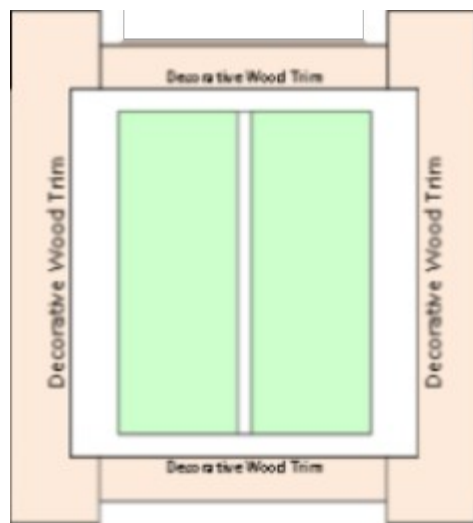

Wood Frame

If any of your windows do not have decorative wood trim you may skip section below.

1. All window trims must have full contact with building not wood trim
2. Some windows might need to be trimmed to fit between decorative wood trim
